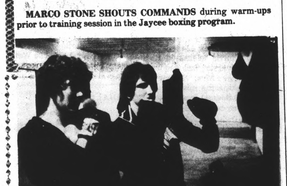
MARCO STONE SHOUTS COMMANDS during warm-ups prior to training session in the Jaycee boxing program.



JOHN ELDER, RECEIVES INSTRUCTION FROM KEITH COLEMAN, right, in the boxing program sponsored by the Appomattox Jaycees. Classes are held each Monday and Thursday nights in the Appomattox Depot.

Jaycees Sponsor BoxingProgram

Raymond Mullins, President of the Appomattox Jaycees, invites those interested in the art of boxing, to register immediately for the training and instruction classes being offered each Monday and Thursday from 7 to 9 p.m. in the Appomattox Railroad Depot.

About 25 potential Leon Spinks showed up for the initial program Monday night sponsored by the Appomattox Jaycees and directed by Marco Stone, former Golden Gloves champion. Mr. Stone also participated in the boxing program while serving in the U. S. Navy and has been associated with the AAU for 10 years. One of his assistants will be Keith Coleman who has been in the program for two years and has fought several fights in the middleweight division, claiming a TKO victory in a bout at Chatham Prison Camp.

Although the emphasis now is on training, the Jaycees hope to be able to install a ring in the depot and promote some fights sanctioned by the AAU.

HOME EC DEPARTMENT RECEIVES GIFT OF PATTERNS

The home economics students and teachers were excited to receive over 4,000 patterns from Mrs. Abernathy.

20th Annual District Meeting Set For Virginia Tobacco Growers

Flue-Cured Tobacco Cooperative Stabilization Corporation, the grower organization which administers the price support program for flue-cured tobacco, will hold its 20th annual district meeting for Virginia growers in South Boston, Va. Roy B. Davis, Jr. of South Boston, vice president and director from Virginia, and Fred G. Bond, general manager, jointly announced that the meeting will be held in the American Legion Building on March 1, beginning at 2 p.m.

The CO-OP's operational report for the calendar year will be given. Stabilization's stocks totaled 585 million pounds as of January 1, 1978. Davis noted that on January 1, 1977, Stabilization held 606 million pounds of tobacco in inventory. He further added that Stabilization's sales for calendar year 1977 totaled 219 million pounds, which was up considerably over the sales activity of 1975 and 1976 which totaled less than 28 million pounds. Even though Stabilization sold 219 million pounds, there was a net reduction in inventory of only 23 million pounds, as a result of the larger than anticipated volume of tobacco handled from the 1977 crop.

In addition to Stabilization's report, reports will be given by representatives of Tobacco Associates, Inc.; Tobacco Growers' Information Committee; USDA-AMS Inspection (Grading) Service; and other allied organizations and agencies. Ample time will be provided tor discussion.

A brief business session will be held for the election of Stabilization's Advisory Committee members for the coming year. Also, the election of the director to represent District #10 members on Stabilization's Board for the ensuing 3-year term will be held during the business session.

Davis added, "Flue-cured growers are urged to make every effort to attend Stabilization's meeting in order to get a better understanding of the Cooperative's operations.
